

Doff N' Donner

- Facilitates the donning and removal of compression stockings and promotes treatment compliance.
- Less effort spent on donning and removal allows compression stockings to slide painlessly over wounds, scars and open legs.
- Suitable for use by the wearer themselves, as well as caregivers.
- Extremely durable and suitable for different leg shapes.
- Extends the life of the compression stockings.
- Suitable for A-D calf stockings and A-G Thigh stockings with / or without grip top in all sizes and compression classes as well as with open or closed toe.
