

Pride Power Assist

The **Pride Power Assist** is designed to aid caregivers in pushing a manual wheelchair in otherwise strenuous situations such as up steep hills, inclines and loose gravel.

- The Power Assist attaches directly to manual wheelchairs easily.
- It features an easy-to-use squeeze trigger mechanism, along with a speed dial, enabling users to customise speed settings.
- The Power Assist is designed to work in conjunction with most wheelchairs with seat widths of 16" – 20".
- Weight capacity of 120 kg / 264 lbs. (wheelchair and user combined).
- The Power Assist has a maximum speed of up to 5 km/h (3.1 mph).

✔ Contracted DVA product
