

Aspire Mobile Air Chair

- Ergonomic Attendant Grip Handles. Control levers for tilt & recline, push handle for attendant use
- Swing Away Backrest Wings & Armrests. Allows for easy patient side transfers
- Adjustable Foam Matrix. Matrix of collapsible air flow chambers promote skin micro climate management and evenly redistribute pressure. Adjustable outer chambers and solid perimeter structure improve overall midline sitting. Movable foam cores allow backrest to be customized for individual postural needs
- Patient Surface - Adjustable Pressure. Contoured air bladder in the seating surface can be easily inflated and adjusted with integrated hand pump - stowed and concealed behind head wing when not in use
- Gas Assisted Tilt 25°, Recline 90° and Leg Raise 90°. Allows the chair to convert to a lie-flat bed position for prolonged periods of use, or set to manage posture, pressure and lower limb oedema
- Lockable Castors with Directional Control. Front directional castor improves the ability to manoeuvre in a straight line through corridors, making it safer and lighter for attendant use
- Unique design promotes skin immersion and envelopment, redistributing skin pressure, reducing the risk of pressure injury associated with prolonged sitting or lying
- Total Length: 1200 mm
- Footplates, tray and foldaway tray, all sold separately
