

Aspire AssistBar

The Aspire AssistBar is the perfect solution for those needing that little bit of extra help when getting in and out of the car. Insert the steel end into the locking mechanism of the car door frame, and the AssistBar becomes a stable handle for support and assistance.

- Promotes safe entry and exit from vehicles
- Compatible with most cars
- Glass breaker and seatbelt cutter for emergency situations
- Provides a stable support handle during transfers

- ✓ Contracted DVA product
- ✓ Contract approved
